- **OR anywhere recurring drain odour is a concern**

VAMOOSE is a ready-to-use foaming drain cleaner and deodorizer designed to tackle organic buildup and odour issues in commercial and institutional settings. Its thick expanding foam coats the interior of drains and hard-to-reach spaces, helping to eliminate foul odours, break down organic matter, and deter insect breeding.

- *Contains Citronella – Natural odour counteractant*
- *Expanding Foam – Clings to vertical and horizontal surfaces for maximum contact*
- *Odour Neutralizing – Targets odours at the source with biodegradable agents*
- *Fast Acting – Immediate results in high-use commercial environments*
- *Non-Corrosive & Safe for Pipes – Suitable for most plumbing and maintenance schedules*
- *No Mixing Needed – Convenient aerosol application*

DIRECTIONS
Shake can thoroughly.
Insert provided hose directly into drain opening.
Dispense foam until visible near drain top.
Allow to sit undisturbed for a minimum of 30 minutes (overnight preferred).
For best results, apply at end of day when drain use is minimal.
Use daily during infestations, then weekly as part of routine maintenance.
